Dance School

Brand book

Version 1.0 · October 2026 · Ballroom & Latin Dance School · Rothschild 49, Rishon LeZion

01 Logo

The ETUDE logo is hand-lettered brush artwork in one color. It is not typed in a font. Always use the supplied files and never retype, redraw or rearrange it.

Primary logo

ETUDE + Dance School, stacked. If a brief does not say which version to use, use this one, in ETUDE Blue on white or in white on navy.

logo-full.svg / .png / .pdf

The family

Horizontal: ETUDE + Dance School, one line

Wide, low spaces: entrance sign, banner headers, email/website headers.

`logo-line`

Wordmark: ETUDE

When "Dance School" is said nearby or is too small to read: left-chest embroidery, medals, small print.

`logo`

Cursive + tagline

Soft, celebratory pieces: recital programs, greeting cards, certificates. Not below 45 mm wide.

`logo-full-cursive`

Cursive, one line

Secondary horizontal option for the same soft pieces.

`logo-line-cursive`

Monogram: E

Favicons, stamps, small engravings, watermark, pattern accents. Never as the only identifier on a first-contact piece.

`icon`

Round avatar

Profile picture for Instagram, WhatsApp, Google Business Profile. Upload the PNG.

`avatar`

Hebrew & Russian versions

Two kinds. **ETUDE + translated descriptor** is preferred because it keeps one recognizable mark across all three languages. **Fully localized names** are for pieces that are entirely in Hebrew or Russian. The brush capitals exist only in Latin, so the localized names are set in the script faces that pair with the logo: Gveret Levin (Hebrew) and Caveat (Russian).

ETUDE + Hebrew descriptor

Preferred for Hebrew materials: keeps the recognizable wordmark.

`logo-full-he`

ETUDE + Russian descriptor

Preferred for Russian materials.

`logo-full-ru`

אטיוד, Hebrew name

Hebrew-only pieces where the Latin name would feel foreign: local notices, municipal events.

`logo-name-he`

Этюд, Russian name

Russian-only pieces for the Russian-speaking community.

`logo-name-ru`

Color versions

Blue

Default on white and light backgrounds.

White

On navy, blue and dark photos.

Navy

One-color print where blue is not available, e.g. on silver or cream stock.

Black

B&W print, stamps, laser engraving, newspaper ads.

Every logo comes in blue, white, navy and black: add `-white`, `-navy` or `-black` to the file name.

Clear space

Keep empty space around the logo on all sides equal to **X = half the height of the "E"**. No text, photo edge or other logo may enter this zone.

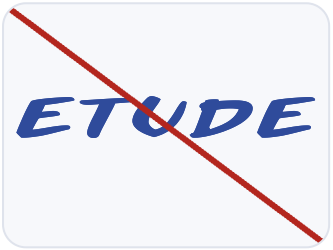

Minimum size

VERSION	PRINT	SCREEN
Primary (stacked)	30 mm wide	120 px

03 Typography

Brush lettering for headlines echoes the hand-lettered logo, and a clean geometric sans keeps everything else easy to read. Each script (Latin, Cyrillic, Hebrew) has its own brush face.

Rules

- Brush faces are for headlines only, at 24 pt / 28 px and up. Never for paragraphs, prices, dates or small print.
- Numbers, times and phone numbers are always set in Montserrat or Heebo.
- Gveret Levin's tall letters (ל) need extra line height (about 1.25) so they don't touch the line above.
- Brush faces have one weight. Never apply bold or italic to them, and never set them in ALL CAPS or letter-spaced.
- Hebrew text runs right-to-left and is aligned right. Set Hebrew body text about 5% larger than Latin, with more line height.
- Mixed-language pieces use the face that matches each script: never Latin brush letters on Hebrew text or the reverse.

04 Voice & taglines

Warm and welcoming first. ETUDE talks like a good teacher at the studio door: friendly, encouraging, never intimidating. Then we turn up one of three dials, depending on the piece.

Warm & welcoming

"Everyone starts somewhere. Come try a class."

Elegant & classic

Names & lines in three languages

	ENGLISH	עברית	РУССКИЙ
Name in text	ETUDE	אטיוד	Этюд
Descriptor	Dance School	בית ספר לריקוד	Школа танцев
Full description	Ballroom & Latin Dance School	בית ספר לריקודי סטנדרט ולטיניים	Школа бальных и латиноамериканских танцев
Slogan (brand promise)	Dancing is for everyone	כולם יכולים לרקוד	Танцевать может каждый
Campaign line	Learn to dance, at your own pace	ללמוד לרקוד, בקצב שלכם	Учитесь танцевать в своём темпе

Writing rules

- Write the name **ETUDE** in capitals in Latin text. Never "Etude" or "Étude" (the cursive logo artwork is the only exception). Use אטיוד in Hebrew and «Этюд» in Russian.
- The slogan is the brand promise and stays the same. The campaign line can change per season.
- **No prices** in ads, flyers or signs. Invite people to write instead.
- The call to action is always WhatsApp: "Write to us on WhatsApp", not "Call now".
- Address Hebrew readers in the plural (אתם / שלכם), which is inclusive and warm.
- Say "students", not "clients". Say "classes" or "lessons", not "sessions".
- Never claim what is not confirmed, e.g. hall features. The halls have parquet, a sound system, air conditioning and stage lighting.

05 Photography

Real ETUDE students and teachers, mid-movement and genuinely happy. Photos should show the joy of dancing, not stock-photo poses.

- Movement and connection: couples in frame, hands, frames and spins.
- Real costumes and real settings. Natural color with no heavy filters, color casts or vignettes.
- Leave calm space (sky, floor, wall) where a logo or headline can sit.
- Prefer photos where ETUDE Blue or navy already appears (costumes, background).

- **Children:** use only photos where parents' consent is confirmed. Ask the owner before using any new photo.
- **Captions:** the recital photos were taken in a sports hall, not the studio. Never caption them "our hall".
- Don't use Instagram posts without the owner's approval.
- No stock photos of other people presented as ETUDE students.

06 Graphic elements

ETUDE pattern

Offset rows of the wordmark. Use it as a texture only: 6–10% opacity of blue on white, or white at 6–8% on navy. Never behind body text at full strength. File: `pattern-tile.svg`.

Brush stroke

A single soft-blue stroke under a headline, like a step traced across the floor. One per page, under the main headline only. Mirror it for Hebrew.

Soft glows

Blurred blue light on navy, used for the studio TV, video end-cards and stage-like backgrounds. Keep them subtle and out of the way of text.

Monogram as watermark

The E, oversized and cropped at an edge, at 8–12% opacity. Good for certificate corners, the back of business cards and garment sleeves.

07 Print

Every print job

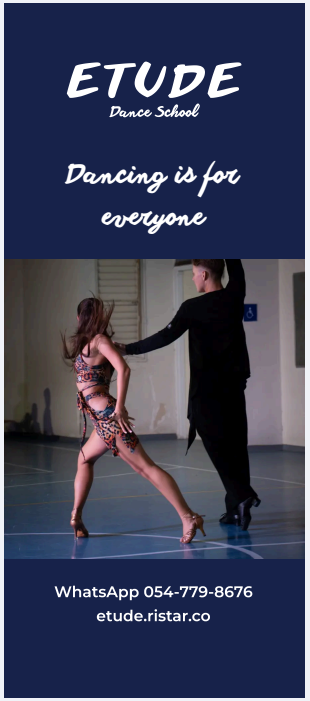

Color mode	CMYK for full-color jobs. Pantone spot color (7685 C / 2767 C) for 1–2 color screen print, signs and merch.
Bleed / safe zone	3 mm bleed on all sides, with text and logo at least 5 mm inside the trim.
Resolution	Photos at 300 dpi at final size, and 150 dpi for large-format banners viewed from a distance.
Files to printer	PDF/X-4 (or PDF/X-1a) with fonts embedded or outlined. Always use the vector logo (SVG/PDF), never a screenshot.
Proof	The first job with a new printer always gets a physical color proof of ETUDE Blue.

Signs & banners

ETUDE Dance School

Entrance sign

Navy panel, white horizontal logo. Logo width about 70% of the panel. Suggested 120 × 40 cm (fit to the facade). Outdoor: UV-resistant print or cut vinyl in white.

Roll-up 85 × 200 cm

Logo in the top 30%, then headline, then photo. Contact block between 80 and 120 cm height (eye level). Keep the bottom 15 cm empty, because it hides in the stand.

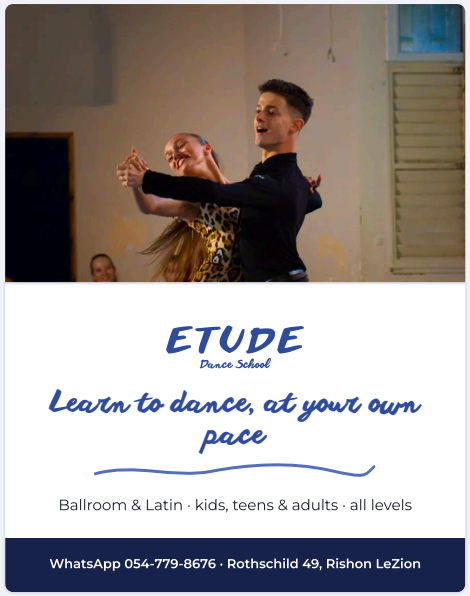

E

Hall 1
135 m²

Hall door plates

Mist plate with a blue monogram and Montserrat 600 text. 20 × 10 cm, at 150 cm height. Trilingual if needed: 1 אולם / Зал 1.

Flyers, posters & business cards

A4 / A5 flyer & poster

Photo on top (about 45%), logo, one brush headline with the stroke, one line of text, contact bar in navy. One message per flyer and no prices. A3/A2 posters use the same layout, scaled.

Business card 85 × 55 mm

Front: navy with the white primary logo centered. Back: white with contact details in Montserrat (name 9 pt / 600, details 7.5 pt) and a large faint monogram. 350 g matte with soft-touch lamination.

Apparel & bags

T-shirts & hoodies

Navy garment with a white logo, or white/grey garment with a blue logo. Left chest: wordmark ETUDE, 80–90 mm wide. Back: primary logo, 250–280 mm wide, 80 mm below the collar. Screen print as 1 spot color (Pantone 7685 C or white). For embroidery, use the wordmark alone below 60 mm.

Tote & shoe bags

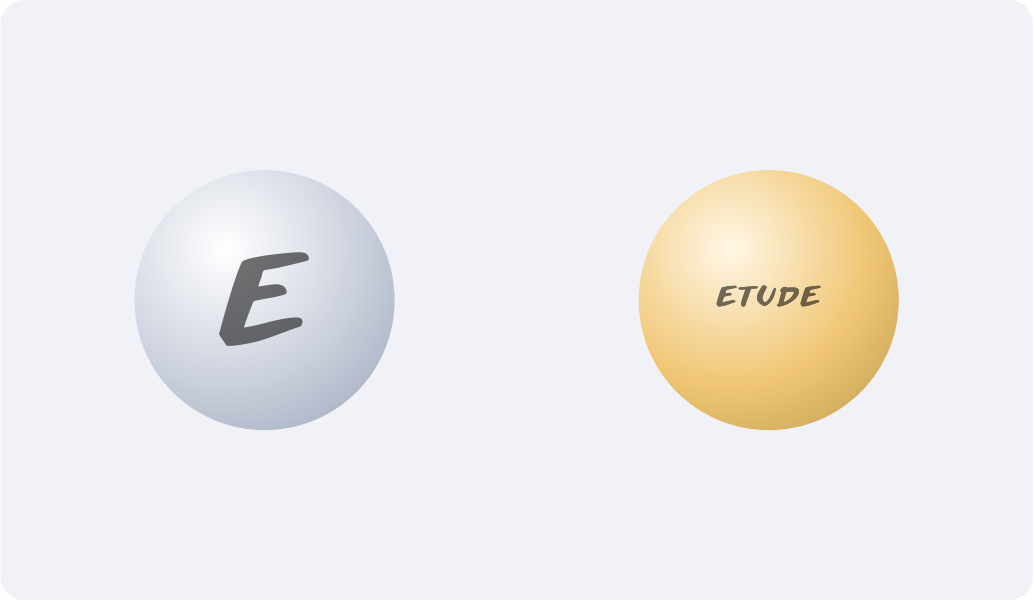

Navy or natural cotton. Primary logo centered, about 60% of the bag width, plus the slogan in Montserrat. On natural cotton print in navy (2767 C), because blue looks greyish on unbleached fabric.

Certificates, medals & trophies

Certificate / diploma: A4 landscape

A thin navy frame inset 10 mm, the primary logo top center, the title in the brush face (elegant dial), the student name in Montserrat 600, and a watermark monogram in one corner. Hebrew and Russian versions use Gveret Levin and Caveat for the title. 250–300 g silk paper.

Medals, trophies & engraving

Always use the black one-color files (vector PDF/SVG). Medals up to 30 mm use the monogram E; 40 mm and up use the wordmark ETUDE. Trophy plates: wordmark plus the event name in Montserrat. Never engrave the descriptor or tagline under 4 mm letter height.

08 Files & contacts

Every logo comes as **SVG** (vector, for web and designers), **PDF** (vector, for printers) and **PNG** (2000 px, transparent, for Word, Canva and social). Download everything as one ZIP.
